

KARIN'S STRATHSPEY

8x32 S

12

KNOT

A diagram illustrating a transition from a central state '1' (in a circle) to two possible states, '2' and '3' (in circles). The central state '1' is labeled with a large 'S' below it. Two arrows originate from the central state '1': one points up and to the left towards state '2', and the other points up and to the right towards state '3'. Above each of these target states is a corresponding state in a diamond shape: '2' in a diamond above the left circle '2', and '3' in a diamond above the right circle '3'. A dashed arrow points from the central state '1' to the diamond state '1' located between the two diamond states '2' and '3'.
